

The Storage Box offers the Container Protection Plan (CPP). The CPP is a damage waiver that covers unforeseen damages to the container(s) while on rent to you. You must **opt-in for the CPP** prior to initial delivery and cannot add protection after a container has been delivered. The CPP does not include coverage for contents. The present document is not an insurance policy and is issued as a matter of information only. The CPP is per container rented, per billing cycle (one month) and is not prorated or transferrable. All values expressed in Canadian dollars. Terms, conditions, pricing and deductibles are subject to change.

What is covered?

The CPP covers damages to the container resulting from occurrences such as:

- Wind, tornado, hurricane or falling objects
- Unintentional acts of fire, smoke, explosion
- Lightning, hailstorm or other 'acts of god'
- Malicious mischief
- Burglary

Acts deemed intentional, or storage of prohibited items nulls all coverage.

What is **NOT** covered?

Coverage under the CPP does not insure against damages or loss resulting from:

- wilful or intentional acts of any kind
- improper packing, operation of doors and locking mechanisms
- drilling holes, screwing into or adhering to the container
- using a container for any purpose other than its designed and intended use

Storing prohibited items (as listed in our lease agreement) forfeits all coverage under the CPP.

Deductible

There is a \$500.00 deductible for any damages to the Container

Customer Duties in the Event of Damage

We ask that you notify The Storage Box immediately upon discovering any damages to your rented container.
